

2012 GROUP GOLF PACKAGE

In the heart of the Canadian Rockies, less than an hour's drive from either Calgary or Banff, visitors find a golfing paradise. Kananaskis Country Golf Course is one of the premier golf destinations in the Canadian Rockies and second to none as a spectacular location for a golf vacation. Forming an unforgettable landscape, the rugged surrounding mountains tower 10,000 feet (3,000 metres) above sea level, the courses themselves are at almost 5,000 feet (1,500 metres).

Situated in the Kananaskis Valley among boreal forest, the Mount Lorette and Mount Kidd Courses are named for the soaring limestone peaks that serve as their breathtaking backdrop. The Courses offer immaculate lush fairways, bent grass greens, over 140 silica sand bunkers, four sets of tee boxes, glacier fed creeks and ponds, the cascading Kananaskis River and a variety of wildlife.
