Our Why

Double Circle Golf is dedicated to helping elderly women with great skills but few employment opportunities. All our products are proudly made in Calgary, Canada by members of our community. Through handcrafted, unique, and original products Double Circle Golf provides our artisans meaning, self-respect and assist them in their ability to financially support themselves.

Everything we do is ethically made utilizing the best locally-sourced products whenever we can. We believe in a sustainable golf industry, where artisans, the environment, and customers are equally important. That's why we provide high quality, personalized products that meet your needs at great prices with less waste.

GROUP

We are a husband and wife team whose story has always been wound tightly with the golf community. Our life together began at a golf course and it has been a part of our everyday life since. Golf is in our blood and we have spent a combined 50+ years working and playing at local courses and travelling the world for golf.

We are incredibly proud to be a Canadian company and a large portion of our products are manufactured right here in Canada. We've grown from a small business that we ran out of our home, to an 8,000 sq ft manufacturing facility that we are now moving into.

The Blank Group has been fortunate enough to have our products represented at 5 Major Championships including The Masters, US Open and The Open Championship, and collectively our products have been shown in over 30 PGA tour events. We have also had the opportunity to work with multiple collegiate teams ranging from NAIA to NCAA.

We are excited to introduce you to the products we create and hope to help you find the perfect thing to #customizemygame
